

Our Staff

It is supreme art of our teachers to awaken joy in creative expression and knowledge for the kids. Education always dispels the darkness of illiteracy and plays an important role in developing overall human personality.

Our Pledge

We, the Cosmo Genius family, take a pledge that we will make this school a better place than what we have inherited. And by joining hands with the larger communities, we will move with sincerity and determination towards this goal.

Day Boarding Facility available.	Collaboration with Sr. Secondary Schools	Specialized Activities - Dance, Tae-kwon-do, Skating, Computers, Art & Craft	

Your child **DESERVES** to be a **LEADER**

Creativity and innovative techniques

Our Focus...

Creative and innovative activities help to develop basic mathematics and analysis skills such as geometry (Size & shape), measuring & sorting. There are great deals of problem solving and concentration which happens as children learn to take what is in the mind and put it into the paper.

Children are not born with pencil in their hands, they take time to develop this skill.

Painting, drawing, cutting and pasting; all helps to develop "Fine-Motor" skills in kids which in turn helps them to be perfect in writing skills.

Our school aims to make our children innovative enough to enhance their abilities.

"Every child is special!!

We just need to motivate them.

GO GETTER

SMART THINKER

RESILIENT PERSONALITY

Our Objective...

Our Objective is to contribute society by delivering best quality of education with most innovative techniques which are internationally accepted.

At COSMO GENIUS, we focus on overall development of children while ensuring children have firm roots to our culture and values. This will help children becoming global leaders along with responsible citizen.

"We keep moving forward, opening new doors, and doing new things, because we're curious and curiosity keeps leading us up new paths of success"
